Education

The emerging technologies and fast-paced growth of the global digital economy has sparked demand everywhere for resources and talents that could drive their development.

As the Education sector continues to redefine skills that are needed to educate a new generation of global citizens, developing the requisite skills and knowledge for those keen to take up a career in this field will be critical to ensure their success and employability amidst the changing global environment.

Meanwhile, for an experienced Educator, upskilling by taking up new credentials and developing advanced knowledge whilst keeping abreast with latest ideas, pedagogies, and methodologies; will enable them to facilitate academic, social, and emotional growth in innovative and exciting ways, having a real impact on students as they teach.

Programme Overview

The course will enhance your skills in managing discipline at the organisational level, especially with subordinates and superiors at the school-level, focusing on personality development of individuals in an organisation so that they will become important assets in the development of an organisation, where self-discipline of the members is geared towards achieving objectives of the vision and mission of the organisation.
