

# Micro-Credential in Psychology of Learning and Instruction

**Delivery mode:** Online

**Duration of Study:** 7 Weeks / 7 Hours

**Level:** Advanced

## Career Prospects

- Curriculum Specialist
- Learning Designer

## Education

The emerging technologies and fast-paced growth of the global digital economy has sparked demand everywhere for resources and talents that could drive their development.

As the Education sector continues to redefine skills that are needed to educate a new generation of global citizens, developing the requisite skills and knowledge for those keen to take up a career in this field will be critical to ensure their success and employability amidst the changing global environment.

Meanwhile, for an experienced Educator, upskilling by taking up new credentials and developing advanced knowledge whilst keeping abreast with latest ideas, pedagogies, and methodologies; will enable them to facilitate academic, social, and emotional growth in innovative and exciting ways, having a real impact on students as they teach.

## Programme Overview

The course provides learners with the knowledge and understanding about major theoretical perspectives regarding human learning. The course will emphasise major concepts of learning theory in relation to educational psychology. Learners will also engage in critical analysis of theories through class discussions and assignments. The course will provide opportunities to think about how to apply the learning material into future practice.

## Assessment

- Coursework: 70%
- Examination: 30%

## Areas of Knowledge
